

Name _____

NOVA Wonders What's living inside you

Watch the video **NOVA Wonders What's living inside you** from the website <https://www.pbs.org/video/nova-wonders-whats-living-in-you-fnbfuy/>

and complete the chart below. For observations you are welcome to write anything you notice that catches your attention and are curious about, this may also include questions. On the connections side, make specific connections to things we've done in class. Think about Zack's story, our lab, and the bacterial growth simulation. Make at least 5 observations and 5 connections but you are encouraged to make more
